

# **2025 Certification Schedule**

## **Instructor/Supplemental Examiner Volunteer Sign-up**

We are looking for supplemental examiner assistance on exam day. This program is essential for staff that are testing and inspecting concrete placed on Federal, State, and Commercial/Industrial projects, and we can't do the exam without examiners for the laboratory practical.

If you are interested in volunteering as a supplemental examiner, please take a moment to review the information provided below. As a thank you, we will give out special prizes for the examiners. Please mail/email (see contact information below) or fill out this form online at [www.miconcrete.org](http://www.miconcrete.org).

**Please note the following:**

- 1. Sign up for as many dates as your schedule (and employer) will permit.**
- 2. Supplemental examiners will be needed at 9:00 am on exam day for full cert classes, 10:30 am for recertification classes, and at 12:00 pm for level 2 classes.**
- 3. You must have a current ACI Level I certification to serve as a Supplemental Examiner. Please bring your ACI wallet card or the number with you on exam day.**
- 4. Most of the exam sessions will only take the morning. Lunch will be provided between 11:30 am – 12:30 pm. For level 2 classes, the lab exam session will begin after lunch.**
- 5. A reminder email will be sent to supplemental examiners before your selected exam date.**

Thank you for all your help in the past, and if you are a new examiner, thank you for joining us.

**Please return by (mail/email) to:**  
**Michigan Concrete Association**  
**2937 Atrium Drive, Suite 200**  
**Okemos, MI 48864**
